County Seeks State Funds For Beaches

A beach and park acquisition and development program calling for the expenditure of \$26,193,400 of State Tideland Oil Funds was outlined Tuesday by County Supervisor Burton W. Chace.

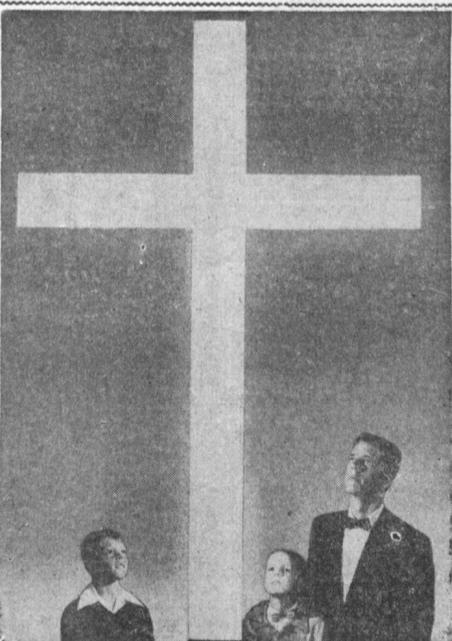

Chace said the program approved by the Board of Supervisors will be presented to the State Beach and Park Commission at its meeting in Sacramento on January 25 by County representatives.

The beach program recommended by the supervisor requests that \$5,624,000 be spent for beaches in the Malibu area and \$2,740,300 for beaches in the South Bay area. It is also recommended that \$1,750,000 be spent for beach acquisition and development and the acquisition of access roads on the Palos Verdes Peninsula.

Local Concert To Feature Soprano Leontyne Price

Leontyne Price, noted soprano, will highlight the second concert of the current Youth Band - Artists Concert Series to be presented at the Torrance Civic Auditorium on Monday night, February 21.

This will be the second of a series of concerts being sponsored by the Youth Band-Concert Artists Association in which the Torrance Area Youth Band and famous musical personalities appear jointly.

Only members of the association holding season tickets are admitted to these concerts, according to Ethel Rouin, chairman of the association. Miss Price is the wife of William Warfield who is now concertizing in Southern California and appeared as soloist with the Los Angeles Philharmonic in last week's pair of concerts.

Miss Price, equally as famous as her husband, played Bess in last year's production of "Porgy and Bess" on Broadway, and will sing the title role in Puccini's opera, "Tosca," for the NBC-TV Opera Theatre on its broadcast January 23rd.

The army engineers are specialists in all phases of disaster work, being equipped with tools and equipment to deal with most any type of emergency, as well as providing protection in the event of war.

Capt. Horlander states that the local company is about to half strength now, and that there are openings for men between the ages of 17 to 35 years, whether or not they have had any previous military or construction experience. The unit will train Tuesday evenings between the hours of 7:30 and 9:30 p.m. and will spend two weeks at summer camp each summer.

A day's pay will be given for each evening's training, plus pay for summer camp. Uniforms, arms, and equipment will be furnished.

Information on enlisting may be obtained by calling FA. 8-6055 and asking for Sgt. John Garcia.

Training will take the men through the basic principles of the soldier, as well as through all phases of construction, carpentry, operation of heavy equipment, road building, bridge building, demolitions, field fortifications, mine and booby trap work, water supply, and over one hundred other engineering subjects.

The unit will be seen a lot from now on throughout Torrance, as it moves about with its vehicles and equipment on field maneuvers.

"Many men today owe their skill or trade to their experiences with the army engineers," Capt. Horlander stated.

Wrong Attitudes
All leaders and workers from private agencies and public departments concerned with youth may attend, and civic-minded individuals interested in youth are also invited. Information may be secured by calling the Torrance Recreation Department at FAirfax 8-4108.

Solomon says it is quite possible to be a champion basketball or football player and, at the same time have the wrong philosophy of life, have low-grade ethics and thoroughly wrong ideas of what is good or bad for our growing children.

"Skill itself," he says, "is a valuable asset, but it isn't enough to qualify a leader of children, because the leader's personal qualifications are more important."

Will Help
Mrs. Ellis made it clear that the local branch of the California Department of Employment cannot actively spearhead the setting up of such an organization. That must be initiated by the community. The Employment agency will be glad to help in an advisory capacity and take over the screening and placement part of the work, however, Mrs. Ellis stated.

Neither is the agency trying to establish an executive committee for providing jobs for Juniors as was previously understood.

In the meantime, Mrs. Herma Tillin, who has been spearheading a Jobs for Juniors campaign, went ahead with plans to organize an executive committee which would function like the Youth Employment Organization.

"I'll be more than happy to have the State Employment agency take care of the placements," Mrs. Tillin said in regard to the project. "All I'm interested in is to see that we get a strong community organization which will push jobs for juniors... I don't want to let the kids down."

the city coming to \$97,372. That would leave the city \$75,634.

The year 1965-66 shows a projected income of \$1,411,603 with service costs amounting to \$761,178. Adding the gas tax residue of \$72,199 the city would be ahead \$722,624, according to these figures released by Palos Verdes Properties.

No comments were available on these figures from city hall officials at press time. Previous remarks indicated that the city would probably break even if it were to annex the area.

At Odds

School Board figures and those of the developers seemed to be at odds considerably. The difference appeared to be due to the fact that the school's figures are based on a maximum home development of the area, maximum school needs, and minimum returns from the area.

The developers' figures appeared based on minimum home development and maximum returns from the area.

The School Board figures on 22 elementary schools and two high schools eventually. The developers call for 12 elementary schools and two high schools.

The Board of Education figured on a total cost of \$17,300,000. The developers figured \$5,590,524.

The School Board's final school population figure calls for 14,000 elementary students and 3000 high school students. The developers figure 9000 elementary students and 2315 high school students.

According to the developers, the area will bring \$8,135,181 in revenues leaving the school district ahead by \$2,500,000.

Mrs. Roy Dohner, program chairman of Perry School P-TA, has announced that Torrance Police Officer Rethwisch and Policewoman Regina Ryan, will speak on juvenile delinquency at the Perry association meeting, to be held tonight, January 20, at the school.

Due to the fact that the auditorium has been found inadequate, the meeting will be held in one of the classrooms. Child care will be provided and refreshments will be served.

The Perry P-TA executive board met last week at the school and resignations were accepted from Mmes. C. J. Simpson, hospitality chairman, and E. D. Meng, child welfare chairman. Ratified as new chairman of hospitality was Mrs. C. L. Thompson, former co-chairman of that committee.

Three certificates for completion of the parent-teacher course were awarded to Mmes. John Armsmeyer, Roy Dohner, and Kenneth McVey, president, vice-president, and parliamentarian, respectively.

Mrs. Dohner volunteered as captain for the March of Dimes.
